Instructor: Elaine Wren

Course Title: Mathematics

Date:	September 4, 2012
Lesson Length:	40 Minutes
Topics:	Explore Test

OVERVIEW/ANNOTATION:

Today we will be discussing the importance of graduation and basic skills needed to be effective in any career technical or academic.

BACKGROUND/PREPARATION:

I will briefly go over the drop out rates for Cullman County and Alabama. I will then explain the average pay of a job that requires a high school diploma and those that do not.

PRIMARY LEARNING OBJECTIVES:

To give students a purpose for mastering basic skill and a real life application for finishing high school.

ESSENTIAL QUESTION(S):

Where will you ideally be in 5 years? What are 5 things that come to mind when I say industrial? How do you feel about your education at this point? Are you seeing yourself grow?
