

CAWS Teacher Lesson Plan

Forensics	Teacher	Johnny Burks
-----------	---------	--------------

Forensic Investigation	Date(s)	
------------------------	---------	--

Objectives

1. Students will identify various career opportunities related to criminal justice.
2. Students will discuss the skills and educational experience necessary in developing a career in their chosen field.
3. Students will research and detail an income analysis of the salaries associated with their career choice.

Bell Ringer

Students will write a short summary that outlines a particular field of endeavor they are most interested in pursuing within the criminal justice career path.

Activities

1. In class discussion.
2. Interviews with local law enforcement officials.
3. Research related to an identified career path.
4. Salary - identify the pros and the cons.
5. As a **'follow up'** - students will compile all of their information and present their results in a portfolio. They will write about each of the following areas: job description, education required, salary, outlook of the career, and why the student chose this career.
